

Blog Tagging / Snippet Writing / Link Checking - Help Us Update The Vantage Point Blog

Project Title	Blog Tagging / Snippet Writing / Link Checking - Help Us Update The Vantage Point Blog
Project Summary	The Vantage Point blog has provided Veterans with a wealth of information since November 2010. However, after so many years of helping Veterans find information about various VA benefits, services and programs, the blog could use a bit of a refresh.
Country	United States

Project Description

Over the years, blogging has changed quite a bit. Wordpress has been upgraded to support many new features. These days, featured images, tags, meta descriptions, post snippets, etc are more commonly used. This is where you come in. We need your help reviewing posts from our archives, writing up tags, writing meta descriptions and snippets, checking hyperlinks, reporting broken images, etc, etc. Basically we're refreshing all of the older content on the blog and we could really use your help.

You can find the Vantage Point blog at the following link: <https://www.blogs.va.gov/Vantage/>
